

## U14 BC Winter Games Qualification Results

Hi Everyone,

What a great weekend of racing! It certainly wasn't without challenges (precipitations, fog, and soft snow). Coaches are proud of EACH athlete for trying their very best. Athletes should celebrate their success, in whatever form that may be – technically, tactically, result-based, and attitude-based. If athletes did not get the desired results either in the race itself, or for the qualifications, coaches will be happy to connect next weekend on-hill for feedback.

As you know, the Mt Washington Zone Race was a qualifying event for the BC Winter Games happening in Quesnel from February 22 to 25. The qualification process is based on the best 3 out of 4 runs, with racers ranked based on PRS points. Below is a list of WMSC U14 athletes who have qualified to the BC Winter Games, congratulations!

If your athlete has qualified, please confirm their participation by EMAIL ([chloe@wmsc.info](mailto:chloe@wmsc.info)) before **TOMORROW MORNING (Monday) at 10am**. You will receive a second email with more details regarding the event.
